

Meals Delivered Hot, Patients Served Safely

Dome Cover features patented plus-shaped handle for easy lifting.

Thermal Warming Pellet maintains safe temperatures over 149°F (65°C) for over 1 hour.

Pellet Underliner holds pellet securely.

Meals Delivered Hot, Patients Served Safely

Cambro's meal delivery system features a contemporary look, high performance, and unequalled safety at a budget-friendly price. The heart of the system is a 9½" high-density plastic, thermal warming pellet that

- Can be heated in a lowerator or a conventional oven.
- Holds heat at its core to keep hot foods at safe temperatures above 149°F (65°C) for over 1 hour.
- Stays 20°F (6,7°C) cooler on the edge than metal pellets to protect staff and patients from burns.
- Won't chip or dent like metal pellets.
- Stacks quietly so patients are not disturbed.

COLORS:

Cranberry (487)

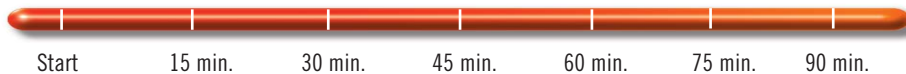

Navy Blue (497)

Speckled Gray (480)
