AX-VB3/AX-VB4 VERTICAL BROILERS

STANDARD FEATURES

- ★ All heavy-duty stainless steel **AISI 304** construction for hygiene
- ★ Unitized base provides a strong and reliable professional appliance
- ★ Broilers are shipped with gas orifices in both Natural Gas & LP Gas
- ★ Heating elements are constructed of infrared burners and can be operated individually
- ★ Electric motor positioned at the top of the unit away from any fats
- ★ If the flame extinguishes, the thermo-elements will cut any gas flow
- ★ Individual burner controls and removable drip trays are furnished
- ★ With our unique E-Z slide dual-rail system, the operator can broil the meats closer or further from the heat source; as well angled
- ★ Available in three or four burner configuration (**AX-VB3/AX- VB4**)
- ★ 120 volt cord and plug required for motor rotation
- ★ ETL and NSF approved
- ★ Warranty: One year parts and labor
